RE: NANC Billing & Collection Working Group Revised Recommended
2012-2013 Contribution Factor

Dear Ms. Gillett:

This is to advise the Federal Communications Commission that the North American Numbering Council ("NANC"), by an affirmative vote of 21 members without dissent, concurred with the recommendation of the Billing and Collection Working Group to approve revising the previously recommended (transmitted on May 3, 2012) reduction of the NANP Fund Contribution Factor from 0.0000217 for 2012-2013 to a now recommended increase in the Contribution Factor to 0.0000254. The Billing & Collection Working Group has concluded that this revised recommended Contribution Factor is necessary in order to ensure that the contingency fund for the three current numbering contracts (NANPA, PA and Billing and Collection Agent) is increased from the current amount of \$750,000 to a more secure amount of \$1.5 million.

Please feel free to contact me or the Billing & Collection Working Group Co-Chairs, Tim Decker, Verizon (timothy.decker@verizon.com) or Rosemary Emmer, Sprint (rosemary.emmer@sprint.com), if you or members of your staff have any questions regarding this NANC recommendation.

Sincerely,

A handwritten signature in black ink that reads "Betty Ann Kane".

Betty Ann Kane
Chairman
North American Numbering Council
